HPE Smart Choice purchase program – Supplemental QuickSpecs

What is the HPE Smart Choice purchase program?

The HPE Smart Choice purchase program features popular fully configured products that can be quoted in minutes and shipped quickly through HPE Authorized Partners. Products are configured and tested in an HPE factory and stocked at HPE Authorized Distributors and Partners. The products arrive in a single box, making onsite integration easier and more efficient for partners and customers. Additionally, there are competitively priced HPE Tech Care Services available only through the HPE Smart Choice Program when you purchase an HPE Smart Choice product.
