

End of Sale Announcement for HP V10ag Wireless Access Point NA (HP ProCurve Wireless Access Point 10ag (NA))

Announcement Date: July 26th, 2010

End of Sale Date: December 1, 2010 or while supplies last

HP V10ag Wireless Access Point Series End of Sale

The HP V10ag Wireless Access Point has provided secure, reliable 802.11a and 802.11b/g wireless connectivity for small business networks since 2007. Due to the availability of the next generation 802.11n technology and the introduction of the HP V-M200 802.11n Access Point, HP networking is announcing the End of Sale of the HP V10ag Wireless Access Point series products listed below:

Product Number	Legacy ProCurve Product Description	Product Description
J9140A	ProCurve Wireless Access Point 10ag NA	HP V10ag Wireless Access Point (NA)

Recommended Replacement Products

The recommended replacement products are the HP V-M200 802.11n Access Point Series (product numbers J9467A and J9468A). The HP V-M200 802.11n Access Point has better performance than the HP V10ag with data transfer rates of up to 300Mbps. A new, simple to use web UI was developed with Quick Setup pages to consolidate key settings onto one page for simple and rapid configuration.

Planned End of Sale (ES) Product		Recommended Replacement Product(s)	
J9140A	ProCurve Wireless Access Point 10ag NA	†J9467A	HP V-M200 802.11n Access Point (US)
		†J9468A	HP V-M200 802.11n Access Point (WW)

† In the United States of America, the replacement product should be J9467A, All other countries in the world should use the WW SKU, as allowed by local law.

Key Dates for HP V-M200 802.11n Access Point Series:

Event	Date
General Availability	September 1, 2010
Public Announcement	September 8, 2010

The HP V-M200 802.11n Access Point provides wireless connectivity for your expanding network. Take advantage of the next-generation 802.11n standard while simultaneously supporting 802.11a or 802.11b/g devices with the V-M200's dual-band capability. The innovative new Web User Interface makes the V-M200 easy to set up, yet retains key functionality to keep your sensitive data secure.

Key Benefits of the HP V-M200 Access Point Series

- Flexible Connectivity for Mobile Users
 - Supports up to 64 clients wirelessly, without out the need to lay and maintain wires for each user
 - Wire-speed data transfer rate in real world environments
- Enterprise Grade Security
 - Prevent unauthorized users from accessing the network while allowing secure access for guests.
 - Protect data from eavesdroppers
- Easy to use and deploy
 - Independent access point that is easy to deploy
 - Simple to use Web UI with Quick Setup pages consolidates key settings onto one page for simple and rapid configuration for common deployment scenarios
- TCO and Investment Protection
 - ♦Lifetime Hardware Warranty
 - Support for legacy 802.11a/b/g clients as well as newer advanced 802.11n clients that utilize the 5GHz frequency band.

Interim Replacement Products

For Customers requiring 802.11a or 802.11b/g wireless connectivity that cannot wait for the 9/1/2010 release of the HP V-M200 802.11n Access Point, HP recommends the HP E-M110 Access Point for their respective region.
