

HPE OpenVMS Roadmap – November 2016

• Arrows mean the version is supported “at least until” the latest dates above. Support may be extended beyond these dates.

	MPS w/o SE	Mature Product Support Without Sustaining Engineering
	PVS w/o SE	Prior Version Support Without Sustaining Engineering
	PVS With SE	Prior Version Support With Sustaining Engineering

VSI OpenVMS Service Support roadmap

Notes:

- Planning is underway now for release and support dates of future VSI OpenVMS versions.
- VSI OpenVMS is developed by VSI. As a result, VSI is responsible for the content and schedules associated with VSI OpenVMS versions. You can find more information at: www.vmssoftware.com
- VSI offers Extended Engineering Support (EES) for earlier versions that are on PVS w/o SE. Please contact VSI for more details.
